EXHIBIT M

Dear Honorable Judge Jensen

I was deeply impacted by Raymond Chow's presentation on October 24, 2007. I was amazed to find out an individual could turn his life around so completely. I was brought to tears when Raymond shared his worst experience in jail. He told us about not being able to protect his girlfriend while in jail. This made me realize he really did not want to go back to jail. I truly believe he is an innocent man. Because he is such a positive key role model in the asian american and youth communities, I feel he should be fully protected so he can fully live out his life.

Thank you,
Yvonne Hidalgo
